The Referendum In Ontario. Defeated By Minority.

Toronto, Dec. 4.—Referendum was taken throughout the province to-day and resulted in a sweeping majority in favor of the act but the prohibitionists failed to secure the 213,597 votes necessary to make it law. Returns are not to be heard from in a majority of constituencies. The total vote polled for the act according to figures to hand is 105,193 for and 65,669 against. Majority for of 39,524. Complete returns however will increase this by many thousands, but there is not the slightest chance that the 213,597 favorable votes were recorded. One of the surprising features was the heavy vote polled in Toronto, 27,938 ballots being cast, and a majority of 1,564 of which were in favor of the act. In most of the cities the vote was only about two-thirds that polled in the general election of 1898. It is necessary that the act shall receive 50 per cent. of the votes polled in 1898.

FROZEN TO DEATH AT BATTLEFORD.
Battleford, Sask., Dec. 5.—Geo. H. Parker, a Battleford farmer, lost the trail and was frozen to death.

DESTRUCTIVE VOLCANIC ERUPTION.
There are about 3,000 deaths from Santa Maria volcano eruptions in Guatemala.

Many hotel guests at Lincoln House, Chicago, were burned to death.

Contributors and their outfit were discovered in Detroit.

AT LAST.

Manager Pace was notified this morning that all arrangements have been completed, and that the Edmonton year can now be operated in connection with the C. P. R. service over the C. & E. The C. N. R. train will meet (on right) the C. P. R. train at Strathcona for the transfer of passengers, express and baggage. The C. N. R. train will leave Edmonton at 4.45 and will run to Strathcona station where it will await the arrival of the C. P. R. Freight is being handled to-day. The C. N. R. train will also run to Strathcona to-day at 11 o'clock.

The C. N. R. train will leave Edmonton at 7.30 to-morrow morning to connect with the C. P. R. outgoing train. Arrangements for exchange of traffic completed.

The Young People's Union of the Baptist church will hold a Temperance Platform meeting this evening. A local physician will discuss the effects of alcohol on the human system. Other phases of the subject will be dealt with by different speakers.

JOHN W. MORRIS

McLEOD BLOCK.

RATES OVER THE SPUR.

A meeting took place on Monday afternoon in the central chamber between Messrs. Mann and Hanna, of the Canadian Northern, and the members of the board of trade and business men to discuss the tariff proposed to be put in effect over the spur line of the C. N. R. from Strathcona to Edmonton. Mayor Short presided. Mr. Hanna said that it was the intention to connect at Strathcona station with passenger trains both ways, and transfer passengers and baggage with all possible despatch. He had made an arrangement with the express company under which the C. N. R. train would handle the express business into and out of Edmonton. They had prepared a tariff of 20c single fare for passengers and 35c for the round trip. On general merchandise they would give a rate on less than car lots of 25c per 100 and on car lots of 21-25c per 100. On live stock, lumber, brick, and machinery in car lots, 21-25c per car and in less than car lots 21-25c per 100. In reply to an enquiry Mr. Hanna said there would be no breaking bulk at Strathcona, on the spur.

In the question of passenger accommodation and rates, Mr. Hanna said he had not been able to arrange with the C. N. R. for the sale of through tickets or for through rates. Unless the C. P. R. saw fit to establish a joint office or appoint the C. N. R. as agents, passengers would have to buy their tickets at Strathcona after reaching the station there. As to freight the C. N. R. would take delivery, give receipt and take the responsibility of delivery. They would also collect the freight at Strathcona together with their own charges. They would be responsible of outgoing freight.

In reply to a question by Mayor Short Mr. Hanna said that his company would take up the question of bringing the rear coach of the passenger train into Edmonton, so as to render necessary a transfer of passengers at the station.

Mr. Mann mentioned that his company brought the Northern Pacific line into Winnipeg with C. N. R. engines over the C. N. R. rails.

On the subject of mail delivery Mr. Hanna said that was an arrangement to be made with the government. His company would be pleased to be authorized to bring the mail car into Edmonton.

A. Taylor, postmaster, said that a large proportion of the mail, which was brought across the river, was distributed from Edmonton to Fort Saskatchewan and the post offices in the Beaver lake and Vermilion districts. If the mail car was brought into Edmonton people could post outgoing letters half an hour later than they now have to.

It was pointed out that the mail coming south on the C. & E. was overhauled the mail car and that for distribution from Edmonton frequently came in the baggage car.

Mr. A. Brown said that as more than one car was needed the mail, baggage and express for Edmonton coming from Calgary might be put in a separate car and that car could be run over without any difficulty or delay.

Councillor J. H. Morris pointed out that after goods arrived at the railway station, the rates to the warehouse had to be paid. The rates at present were for delivery in warehouse. He thought the company did better than any other with that sort of cartage company there was no object in using goods brought in by train. He was prepared with figures and rates to show what was being paid, and he would be prepared to pay the rates prepared by Mr. Hanna.

Mr. Hanna replied that the rates were all right, but on groceries it was a little higher. He expected that the rates would follow the usual classification. On that basis he had figured out the rate that would save the dealer from all the three-quarters of a cent per hundred. He considered the 20 cent passenger rate prohibitive. It would be quicker to get on a bus. The reason should not be more than 25c. Mr. Hanna asked how long merchants would wait to wait for freight, and he informed that unless in seasons of the high water, the business of the winter and the freight in the evening. Mr. Hanna asked as to the amount of freight, and was told that the income of freight would amount to twelve or fifteen dollars a day, and in the shipping season the outgoing freight was twice as many. He was informed that the reshipping rate allowed by the C. P. R. to Leaside, 18 miles, was 6c.

A telegram was received by Mr. Mann from the company's solicitor in Toronto, Mr. Lush, stating that the agreement as to operation had been signed by the C. P. R. and the C. N. R.

D. Ross suggested the exhibition grounds as suitable for the purposes suggested.

The meeting was adjourned until 8 o'clock for further discussion.

On the meeting re-assembling at 8 o'clock it was decided that as the town council would be one of the parties to the agreement it was better that the discussion should be with the town council only. The meeting was therefore made private, and was held in the clerk's office.

A deputation of business men comprising Messrs. Blower, John Ross, Campbell, Bishop, Bellamy, J. A. McDougall, Potter, Dixon and others held a subsequent consultation with Mr. Hanna on the subject of rates, and some further changes were made. The amended arrangement is as follows:

General merchandise in less than car lots or in car lots, including furniture and vehicles 21-25c per hundred pounds with maximum of \$5 a car.

All kinds of grain including flour 10c per 100 with maximum charge of \$5 a car.

Agricultural implements per car \$4.00.

Live stock, lumber, brick, coal, machinery, and hardware per car \$5.00.

Immigrants effects per car \$3.00.

Reshipments 11-15c per 100 pounds.

Passengers single fare 15c. Round trip 25c. Children 10c single fare and round trip 15c.

Messrs. Mann and Hanna left for Winnipeg on Tuesday, the C. N. R. engine taking Mr. Mann's car out to the junction.

PARTRIDGE HILL.

Last Friday evening Miss Bertha Alton gave a skating party to her young friends, the occasion being her 15th birthday. About 50 young people were present, and the party was a most enjoyable time for a few hours when all repaired to the house where a dainty luncheon was served and the remainder of the evening passed pleasantly.

This week Mr. R. Smith and Mr. R. Gordon, each lost a valuable horse from lung fever.

On Thursday a fearful snow storm raged all day, and those who could, were glad to remain in doors. As Alberta people are not used to such storms they seem much worse to them, than to people from the east. It was somewhat unfortunate that on the evening the Endeavour society had appointed for their social in aid of the hospital at Edmonton. But as the hour for the gathering drew nigh the storm abated and a few brave souls turned out, and had a most enjoyable time. Perhaps for the first time in the history of Partridge Hill socials the people had room.

A goodly number of those who had promised to help with the programme were present. Messrs. J. A. Macdonald, E. D. Macdonald and Forbes were all there, also a number of others from the Fort. Professor Jones was there—a host in himself—and presided at the organ during the evening. Rev. Aldridge, chairman and filled the position in his usual happy manner.

Mr. Luckey, of Luckey's corners, gave "Calla He" and only "Schmied" can. He was loudly encored and sang a humorous song. The house "talent" all acquitted themselves with credit.

Lunch was served by the ladies, after which a collection was taken, amounting to \$11. The social came to a close all feeling that a profitable and enjoyable time had been spent.

Nov. 28th, 1902.

BON ACCORD.

The Literary and debating society held its first meeting of the season in the school house on Wednesday evening last, when a very large attendance of members and friends were present. The following officers were elected:

President, W. Mason, J. P.; vice-president, Mr. Andrew Raffin; treasurer, G. Mulligan, Jr.; committee, Messrs. F. Slick, M. J. Coughlin, Miss Messrs. F. R. F. McKintick and the Rev. J. C. Vace; marshals, Wm. McDonald, editor of the bulger, M. J. Coughlin; assistant marshals, F. Grant, F. Slick and Miss Mason.

The society has a small cash balance in hand. The subject for debate on Wednesday evening next is "Resolved that none but Anglo-Saxons should be allowed to take up homesteads in the Northwest Territory." Mr. Coughlin is the leader for the affirmative and Mr. Raffin for the negative. A challenge is to be sent to Nampa Literary society. Mr. Coughlin was appointed as a delegate to visit Nampa and deliver the challenge and make arrangements for a debate between the two societies.

The president and Mr. Coughlin were appointed a committee to look over the constitution and report to next meeting what it contains in relation to despatch, and the committee, each bites as to the time allowed, each being posted as required by the ordinance via, outlining to post one of the times at the school office it has been ordered by the education department that another meeting must be called and the whole business gone over again.

The meeting is to be held at Mr. H. Astley's on Wednesday, Dec. 10th, at 1 p. m. when the resident readers will have again to decide the questions.

We have good sleighing now, as it is very heavy fall of snow on Thursday brought what was necessary.

What McKenzie's Says.

Ottawa, Nov. 27.—Mr. W. Mackenzie, of Mackenzie & Mann, arrived in the city this morning. Mr. Mackenzie does not appear to be very much concerned about a proposed Grand Trunk Pacific transcontinental line. His company is going on building, and he is of the opinion that as will get there before the Grand Trunk company will. The company of which he is the head has a ready got 1500 miles of road in operation.

McDougall & Secord's Store News.

When You See it in our ad--it's right.

THIS ADVERTISEMENT WILL HELP YOU TO GET

A fair idea of the comprehensive way in which we are going to look after the host of holiday shoppers which this month always sets thinking, walking, talking and buying. Already we find those who have an eye to the future picking out pieces from our endless variety of Fancy China and Novelty Ware which our store presents to them. Take a look over these lines.

A FEW PIECES YET

ROYAL Crown Derby. Cups and Saucers, at \$3.75 and \$4 each.

COALPORT Plates 5 1/2 in, \$3.50 each. China, Cups and Saucers, \$3.50 each.

BEST LIMOGES Cups and Saucers only at \$2.25 and \$3.25 each.

If you want a piece of any of this beautiful China get it now, as the wholesalers cannot fill our repeat orders.

ROYAL BAVARIAN CHINA

A beautiful figured China, which is selling quickly.

Salad Bowls, at 75c, \$1, \$1.50, 3 sizes.

Moustache Cups and Saucers, 85c.

Some of this China is in our window. Take a look as your pass, or better still come in and select a piece or two.

KYOMIDGYA WARE

This is a new Japanese Novelty China in Fancy Colored Raised Enamel. We have a great variety of pieces, such as

Cream and Sugars, Cups and Saucers.

Five o'clock Tea Sets. Marmalade Jars. Cream Jugs, all sizes.

Ornamental Vases.

Flower Vases and Fancy Jardinieres.

Prices are easily in your reach.

Besides This Special Line of Kyomidgya Ware We display a complete stock of other regular Japanese Fancy China. No room for full description here of our odd cups and saucers from 10c to \$1.00 each, odd plates, pretty designs, 10c 12c 15c, 20c, 25c and up to 50c, cake dishes, bon bon dishes, salad bowls, berry dishes, separate or complete with nappys, fancy teapots, chocolate pots, fancy 5 o'clock tea sets, cream and sugar sets, odd cream jugs, some very pretty trays from 65c to \$2.00, crumb tray and brush 65c. We are told when we say that it's easy to get presents here the trouble is we have too much from which to select them. Remember that as the days slip past this trouble quickly vanishes and you may miss opportunities of getting just what you want.

FANCY OPAL GLASSWARE

This is a distinct line of itself and finds numerous admirers and many ready purchasers. It is hand decorated in floral effects and pretty landscape.

Collar Boxes, 65c. Cuff Boxes, 50c. Handkerchief Box, 50c. Jewelry Box, 40c. Trays, 15c, 25c, 45c, 65c. Plates, 65c. Salt and Peppers, 35c pair.

Fruit Dishes, 60c to 75c.

Bon Bon Dishes, 35c.

And many other items suitable for presents.

GENUINE WEDGEWOOD

We have only four pieces left of our first Christmas consignment of this highly artistic ware. We will have our second supply in a few days, consisting of:

Upright Cream Jugs, 4 sizes. Dutch or Squab Cream Jugs, in 6 sizes. Teapots.

Sugar and Cream Sets, Butter Dish, Chocolate Pot, Plant Pots, Ash Trays, Etc.

This is a direct importation and we therefore can offer this lot at close prices and think it is the nicest selection yet shown in Edmonton.

ENGLISH BRETBYWARE

Now here is something new, which attracts attention the minute you see it: All odd pieces—Jardinieres, 35c to \$1.25.

Tobacco Jars, 90c, \$1.00, \$1.20.

See the "Old Timer" Tobacco Jar—It's all right.

Pretty Vases and Candle Holders.

Biscuit Plates, Fruit Plates.

Bon Bon Dishes, Teapots.

Trinket Trays, Grotesque Figures, Etc.

These are all novelties and useful ones, which is a great point.

DORIC VIEW WARE. Yet to arrive.

This will be something to get for your Eastern friends. Views of "The Ramparts," McKenzie river, will be engraved on each piece of China. Cups and Saucers, Plates, Cake Plates, Mugs, Tumblers, Cream Jugs, Bon Bon Dishes, Ash Trays, Etc.

WE MEAN BUSINESS THIS CHRISTMAS.

SCOTCH MOTTO WARE. Yet to arrive.

Apart from the real value of a good Scotch motto, this ware will attract many a buyer.

A great variety of pieces and each piece will please you.

We will let you know when it is here and ready for inspection.

WE HAVE NOT SAID A WORD YET about our regular stock of sets of dishes. Dinner sets and tea sets are a specialty with us. We can satisfy you and ourselves best by showing you what we have in these lines—come and see. We have the newest designs in toilet ware. That means something—why it means everything because the price is no more and you get the very latest design—see? COME AND SEE AND BUY.

2000. "A Big Grocery Christmas Number." 2000.

We feel that way on account of the progress we are making in our grocery department and because of the new goods in all lines which we are constantly placing in our basement which is now filled with the many good things which go into plum puddings, pies, cakes, trifles and all the hundred and one fancy Christmas dishes which you only need to close your eyes and think for a moment in order to bring them to memory.

Car Loads of Groceries Did You Say?

We have long since quit thinking of groceries and traders' supplies in any other way. Just a word—we have already placed in our basement over 2000 Cases of Groceries in the following lines alone: Dried and Evaporated Fruits, Currants, Raisins, Peels, Figs, Canned Fruits, Canned Vegetables, Preserved Fruits in glass jars, Jams and Marmalade canned. To say nothing about car loads of Tea, Sugar, Salt, Flour, Etc., nor have we mentioned Canned Meats, Condensed Milk, Baking Powders, Biscuits, Syrups, Jam in pails, Etc., of which we handle large quantities. You can depend upon it we are right up-to-date and in a better position than ever to handle the large business we have developed, both in the Retail line, Wholesale and Outfitting Departments.

Come in and Price Our New Lines of DRIED FRUITS.

Buy your CHRISTMAS RAISINS From us Muscatels, Valencia. Table or Cooking.

EDMONTON BULLETIN, Dec. 5th, 1902.

TOWN ELECTION.

The town is to be congratulated on the election of Mayor Short and on the nominations for councillors. The duties of the mayor during the past year have been difficult to an extreme degree. They have taken a great deal of time, of hard work, of careful judgment, of sagacity, of purpose, and of courage and enterprise. In none of these things has Mayor Short been lacking. He has never hesitated to sacrifice his time and has never stinted his best energies in the service of the town. That having great enterprises in hand—the waterworks, the electric light and railway connection—he has been willing to give the town the benefit not only of his abilities, his time, and his energy, but also of his expert knowledge for another year, is a matter for sincere congratulation.

It is to be regretted that none of the retiring councillors could see their way to do the same; but whatever fear there might have been of the town's affairs getting into unworthy hands that fear is dispelled by the nominations made. Messrs. Pior, Fraser and Ross have already had several years experience as councillors. Their record as such was altogether creditable. Their large existing interests in the town ensure their doing their best now.

Messrs. Cushing and Heathcote are new men, as far as municipal affairs in Edmonton are concerned, but they are citizens of standing and character, who might very well serve with credit to themselves and benefit to the town. Mr. Cushing has been a distinct and valuable addition to the business life of the town. The same system, attention and enterprise applied to the town's affairs which he has already shown in his own business could not do otherwise than produce good results. In case Mr. Heathcote is offering as the candidate of the fire brigade, it is fair to say that the fire brigade is one of the most important, if not the most important, of the municipal institutions. The fireman, and especially the volunteer fireman, is very like the soldier in that he is very apt to be forgotten when he is not needed. Fortunately Edmonton has not suffered seriously as yet from fire, and because of that many citizens are apt to ignore the existence or need of a fire brigade. The use of a fire brigade is not necessarily to go dashing through the streets at a gallop to the changing of bells and calling spontaneous effects on the roofs of burning buildings. It is not to appear at a fire after it has got under way. It is to be at the fire before it gets under way. To prevent it from getting under way. It is largely because the Edmonton fire brigade has been so efficient in this particular that Edmonton has been so "lucky" in escaping damage by fire. If there were a big fire and the brigade was not for a night of hard and dangerous work every citizen would be ready to vote the brave fellows a handsome gratuity. Whereas if by superior efficiency in reaching the fire it had been quenched before it became dangerous there might be a bit about paying the trifling bills involved. The Chinese system of paying the doctor while the patient is well and cutting off the salary while he is sick has its merits. Money paid to keep a brigade efficient so that it may prevent fires is very much better spent than money paid for work done at fires that should have been prevented. Mr. Heathcote's candidature may have the effect of impressing this view of the case upon the ratepayers, especially if he is successful.

B. C. POLITICS

The Prior government of British Columbia evidently has a hard row to hoe. Dennis Murphy, a Liberal, was appointed provincial secretary. He resigned his seat in order to contest it again for a seat in the ministry and found to his astonishment that he could not be elected. He is now out of politics. W. W. B. Melrose, also a Liberal, who was made president of the council, has become provincial secretary in the place of Mr. Murphy, but reports are that he too will have difficulty in securing re-election. Joe Martin, M. P. P., is out against the Prior government and may forego the chance of a seat in the Dominion house for Burrard, for the sake of opposing Prior in the local legislature.

A Growl From Winnipeg.

Commercial: Large quantity of very inferior apples have been shipped to Winnipeg and other western points from Ontario this year. This, however, is only a repetition of what has happened every year in the past. Small, scabby, inferior fruit has been shipped here freely, not only this year, but this has been the general experience in past years. It is also alleged that San Jose apples have been discovered here, among apples shipped from Ontario.

AS TO THE C.N.R. IN EDMONTON

The meeting between the town council and Messrs. Mann and Hanna, of the Canadian Northern on Monday night was private and the discussion confidential. So far the results have not been divulged, and probably no results have yet been reached. It may be taken for granted that the council desired to secure a station more conveniently situated than that at present provided on the flat; that they desired to secure the establishment of divisional facilities, workshops, stock-yards, etc., at this point; and that they desired to fix the fact of Edmonton being on the main line wherever and whenever that line should be built. These are points which naturally they would be expected to discuss and strive for. And naturally, also a final arrangement with the railway company could not be made at this time even if an agreement was reached. How far the company is willing to go in meeting the wishes of the town or what terms they will exact as a condition of meeting those wishes, can only be surmised at present. So far as the original agreement with the town (as amended) is concerned that agreement is now fulfilled by the company. We have the spur completed into the town. It is in actual operation as far as the Canadian Northern is concerned. The station is within a mile of the post office. This much we have without cost, except the bonus given for the bridge. To bring the railway up the hill and into the business part of town, will cost money. The railway company may very well say. We have fulfilled our agreement, if you want improved conveniences you must bear a share of the cost. That much may be conceded. The only question is as to the measure of convenience to be secured and the proportion of cost to be borne.

It may be pointed out that during the progress of the discussion leading to an agreement, or after an agreement is reached, there is a grave possibility of the town being held up either directly or indirectly by its own citizens. We all want the railway in the most convenient situation possible. It can only be brought there at large cost to either the town or the railway company. If the cost is made too high neither the town nor the railway company can afford to pay it, and every citizen of the town will lose as a result. This is a time when the land shark can get in his work and queer the prospects of the town as well as his own.

ROSS BROS NEW WAREHOUSE

Ross Bros' new warehouse is nearing completion and is one of the numerous additions of the season to the substantial and handsome buildings of the town. The brickwork was completed some time ago, and the roof is now the floors are laid, the roof is on and already the storage capacity of the building is being occupied while the finishing is in progress. The building is of solid brick, three full stories high with basement, and attic basements. It fronts on Fraser avenue and lies along the rear of the sales shops of the firm which front on Jasper avenue for a length of 75 feet. The size of the main building is 85x120 feet, with a projection in rear of and opening into the present hardware store of 10x25 feet. This projection will be occupied by the office, which will be removed from the rear of the present store giving it a clear length of 100 feet; The basement of the new warehouse connects with the basement under the present store. A solid brick fire proof vault 9x10 feet is built up from the basement through the first storey, giving vault accommodation both in the basement and in the new business office on the first floor. The basement ceiling is nine feet high giving ample accommodation for the storage of the heavier and more bulky classes of goods. The main entrance to the basement is from the rear of the building. A hoist in the north-east corner runs up to the third floor. On the first floor will be the business office, and storage for heavy hardware. There are two main entrances, one at the west end from the base and the other on the north side near Fraser avenue.

The second floor will be devoted to shelf hardware, and will contain the shipping room from which the large wholesale trade of the firm will be handled.

The third floor will contain the work shop. As the roof is steep the attic, which is lit by skylight and side lights, gives a large storage room. This will be occupied by light hardware.

The brick warehouse fronting on Jasper avenue and immediately adjoining the hardware store, is being fitted up for the sale of dry goods and groceries. A plate glass front is being put in and the fittings throughout will be in the most modern style. This building is 27 by 100 feet, two stories high. The dry goods and grocery departments at present being conducted in the adjoining wooden buildings will be removed to the brick building as soon as it has been refitted and the retail dry goods and grocery business of the firm conducted there.

The wooden buildings now occupied by the retail dry goods and grocery department will be used as a wholesale and shipping branch in dry goods and groceries.

When the new building is completed and the changes indicated made the firm will occupy a solid business frontage of 75 feet on Jasper avenue and 120 on Fraser avenue. From the fact that goods are being crowded into the new building before it is finished, and that even after it is finished the firm will still be compelled to use several outside warehouses, some idea may be formed of the magnitude of the business done. Both in wholesale and retail the trade done by this firm is a matter of pride to the town and one of the strongest forces which tend to build it as the commercial capital of the district.

GOOD TASTE AND A FAT POCKET-BOOK do not always go together. Our present season's stock of all classes of House Furnishings is particularly attractive to people of cultivated tastes, wishing dainty goods possessing a high degree of artistic merit. At the same time our prices are admitted to be at least as low as those at which much less attractive goods are offered. You really should not think of buying anything in these lines, either for yourself or presentation to your friends, until you have seen what we can offer. We can please you in China, Crockery and Cut Glass: Tea Sets, Dinner Sets, Cups and Saucers, Plates, Decanters, Spirit Jugs, Jardinieres, Etc. We can please you in Carpets, Rugs and Mats, Table Cloths, Napkins, Pictures, Table Covers, Pictures, Table Cloths, Napkins, Etc. We have a few pairs of very handsome Silk Curtains which we would like to show you. These are worth \$16. Our price is \$10. You will like them. Lace Curtains from 35c up. Tapestry Curtains at \$2.75 to \$8. Let us show them to you.

THE HUDSON'S BAY STORES, The largest dealers in House Furnishings in the Dominion.

GROCERY DEPARTMENT

Don't Stew over Groceries.

Just come here when something really good is wanted. Don't imagine that this will cost you more. It will not. Our prices on choice

Fresh Groceries.

Are just the same as that of the low grade. Goods cost at a store where a larger profit is the main consideration.

The trade is brisk here and the goods are in and out before there is any chance for deterioration.

A Cereal Story

Of more than ordinary interest to those who must provide something for the breakfast table is told in the list below. Only two chapters, but they concern the health and the pocket.

Quality first—and that is the best to be found anywhere. Our cereals are always fresh, because the goods have no time to become stale and lose flavor. Prices as to thing to be considered, but important, too. You will see that ours are low.

ROLLED OATS. STANDARD OATMEAL. MALT BREAKFAST FOOD. CREAM OF WHEAT. PETTIBONE'S BREAKFAST FOOD. WHEAT FLAKES. GRAPE NUTS.

FIREMEN'S SMOKER.

The officers and members of Edmonton fire brigade held their annual "Smoker" last night in the fire hall. There was a large and enthusiastic gathering, the number of members and guests together reaching considerably over the 100 mark.

Three sets of tables were spread in the council chamber and about these the gathering ranged themselves. Chief Lander in the chair. After a hearty lunch had been partaken of an interesting and varied programme was begun. Two of the speeches bearing most directly on the fire brigade question were from the chief, T. G. Lander, and the secretary, H. W. Heathcote, who is running for town councillor.

In the course of his remarks Chief Lander pointed out the great need of more assistance from the council and ratepayers. He asked particularly for the council to provide proper inspection water tanks, to see that they were all kept full at all times, and to provide better means of protection for the cutting portions of the town, the west end particularly. The grant to the brigade, including all expenses for fires, alarms, practice, etc., amounted for the past year to about \$6,000 per cent on a volunteer force of 40 men. Most of the brigade consisted of young men who had no property to lose by fire, but who gave their services gratis for the protection of ratepayers. He denounced the support given the brigade as being utterly inadequate.

H. W. Heathcote spoke briefly along the same lines. He had been induced by the brigade to run for town councillor, in the hope that, if he were elected, the wants of the brigade would be brought more forcibly before the council. He briefly outlined his platform in seeking election and was heartily applauded.

J. H. Picard, also seeking election to the town council, spoke briefly.

Various members of the brigade suggested that the chief should receive a salary, which would warrant him spending more time in properly looking after the management of the brigade. Engineer Turgeon spoke briefly. Clarke's orchestra was in attendance and were heartily received.

The complete programme as rendered was:

- Orchestra selection.
- Song, Mr. Helfrage.
- Toast, "The King."
- Violin solo, J. Twiss.
- Ranjo solo, Mr. Fittness.
- Song, J. Twiss.
- Recitation, W. Holwell.
- Toast, "Army and Navy," responded to by W. A. Greckich and Euse Adams.
- Song, Savard.
- Song, Jackson.
- Speech, Geo. McLoughlin.
- Song, W. Clarke.
- Toast, "Mayor and Council," responded to by retiring Coun. Morris.
- Orchestra selection.
- Song, R. McIntyre.
- Violin solo, with piano accompaniment, Messrs. Hart and Phinney.
- Ranjo solo, Fittness.
- Song, Savard.
- Toast, "Prospective Councillors," responded to by J. H. Picard and H. W. Heathcote.
- Song, W. Twiss.
- Toast, "Our Visitors," responded to by representatives of the Calgary, Winnipeg and Nelson fire brigades.
- Piano solo, Johnston.
- Song, Helfrage.
- Toast, "The Press," responded to by John Howey, of the Post, and Frank Kito, of the Bulletin.
- Orchestra selection.
- Toast, "Our next Merry Meeting," responded to by R. Hockley.
- The meeting was brought to a close by singing "Auld Lang Syne," and "God Save the King."

WINTER.

Splendid sleighing and moderate weather makes sleighing about pleasant and easy. Sleighting has come unusually early this season but is not less welcome on that account. Frequently we have no good sleighing until January. Threshing was finished in good time and as the season was most favorable the expenses were light. Unfortunately the yield of grain is light also. Wheat and barley are fair crops. Barley is an average crop and wheat a little under the average. But oats are quite disappointing. The yield per acre of this season will be but little over half of last season. Of course there is a larger acreage on the other hand, but there is a larger total crop. The fear that it might be possible to dispose of oats has passed away. Outside markets hold up better than was anticipated, and the prospects of good spring demand could not be better. There is no immediate prospect of a rise in prices of fat fall being realized. Although there are no frost-killed trees there is a large mixture of grain that was not thoroughly ripened. And the proportion of heavy oats is not as large as last year. Wheat is an excellent sample, and practically no frost-killed grain is reported. The price is satisfactory being slightly above Winnipeg quotations, but no very large amount has been marketed yet. A large number of men than ever before are employed in the lumber woods and work wages, and business generally keep up very satisfactory.

FIRE LAST NIGHT.

Last night between eight and nine o'clock a bright blaze to the south was witnessed for some time by many citizens who happened to be out at that time. One red shaft in particular shot upright to a great height. It could readily be seen that there was a large fire apparently beyond Strathcona, but no particulars were available as telephone messages from Strathcona stated it was beyond the town.

The blaze seen from the hill beside the railroad track, about 3 miles south of Strathcona, near the spot where the washouts of the past two seasons occurred, and was caused by the burning of J. L. Sumner's farm house. The fire was first discovered about 8:30 and the house is a total loss. About 30 head of cattle are kept in a stable not far from the house. Mr. Sumner, who resides in Strathcona, daily visits the farm to feed the cattle and keeps one fire burning in the house. He left it in apparently safe condition at 5:20 last night and returned to town. Outside of this the house was unoccupied in the winter and but little furniture was left in it. The loss is estimated at \$900. It is insured for two-thirds its value. The house was only built about two years ago.

LOCAL.

—J. S. Macdonald, supt. of government telegraphs in the Northwest, leaves tomorrow for Qu'Appelle. Poles have been set on the new telephone line from St. Albert to Riviere Qui Barre.

—P. Gunn, H. P. O. officer in charge at Lake St. Ann, was in town today. Settlement is rushing into the country around Lake St. Ann, although it is still miles from the railway. The catch of whitefish at the lake this fall was very satisfactory.

—P. Anderson & Co. are loading a car of pressed brick to-day for W. R. Hull, of Calgary, at the east end of the bridge on the C. N. R. spur. The company have already shipped one car to Mr. Hull for use in facing his new building on Stephen avenue, Calgary.

—D. N. Ker, of the Brackman-Ker company of Victoria, Vancouver, New Westminster and Strathcona, arrived on Monday evening on a business visit, and leaves to-morrow morning. Mr. Ker sees a very fair outlook for oats this season at a moderate price, if the quality is up to the mark. He is satisfied that the future market for Alberta oats rests on their quality, if the quality is right, the market can be found.

ENGINEER ARMSTRONG BACK.
Engineer Armstrong of the C. N. R., who left here on Oct. 1st to explore a route through the Rocky mountains, returned yesterday. He was through the Smoky River pass and states that he finds it unsuitable, but finds on passing the Yellow Head pass that it will afford a wonderfully cheap route for a railway to build through. The Smoky River branches and is "altogether unsuitable. What is called the Smoky is really the Forcypine river. Mr. Armstrong was only making an exploration but states "that he considers the best route west to be practically the old C. P. R. survey of '78."

HOTEL ARRIVALS.

Thursday.
Queen's—L. W. Aldrich, Citterock, Minn.; W. E. Eklund, Wetaskiwin; Chas. Emerson, Edm.; J. B. Huot, North Yakima, Wash.; E. Lamoureux, A. Swertin, Lamoureux; A. G. McKinnon, Lamoureux; Mr. J. D. Campbell, and daughter, Star; E. Rubley, Millet.

Alberta—John Armstrong, Smoky river; J. Paradis, C. O'Brien, A. E. Cross, Calgary; John G. Wilson, Winnipeg.

Grandview—Peter Gunn, Lse. St. Riber; J. J. Craig, Jasper Pass; Rofey, A. Cameron, Sunnyside; C. Pinker, Sturgeon; B. Carr, T. L. Powell, town.

THE AGREEMENT SIGNED.

On Tuesday afternoon Mayor Short received the following telegram:
"Innsfail, Dec. 2, 1902.
"To Mayor Short.
"Edmonton.
"Have just been advised that agreement has been executed. Will begin operation of spur at once."
"D. D. MANN."

INTERESTING LAND OFFICE BUSINESS.
Below is given a few figures showing the amount of business transacted at the Edmonton land office during the month of November, 1902, as compared with the same month in 1901 and 1900. The most marked increase will be noticed in the applications for patent. In November of 1900 there were no applications at all and only 12 the following November is compared with 52 last month. The number of homestead entries received is also greatly in advance. The records show:

November, 1902.	712
Homestead entries received.	91
Timber permits issued.	37
Letters received.	593
Letters answered.	480
Applications for patent.	50
November, 1901.	72
Homestead entries received.	72
Timber permits issued.	67
Letters received.	366
Letters answered.	366
Applications for patents.	12
November, 1900.	218
Homestead entries received.	131
Timber permits issued.	909
Letters received.	791
Letters answered.	791
Applications for patents.	52

The Globe Changes Editors.

Toronto, Nov. 29.—J. S. Willigen, who yesterday resigned the managing editorship of the Globe, has made the following statement: "My resignation to leave the Globe is due to a determination to enter independent journalism. My relations with the Globe during the term of my editorship have been agreeable and harmonious, so far as known and I leave the paper on the best of terms with the board and staff. In entering the field of independent journalism, I will be associated with J. W. Flavelle. He will supply the capital, and all the capital, for the new venture. No money will come from any other source.
"It is a distinct and clearly expressed understanding that the paper to be acquired or established shall not be the organ of a political party, nor of any organized interest, and shall be absolutely independent of all business and corporation enterprises. The only objects in view are the free and frank discussion of public questions, in no spirit of hostility to any party, and without regard to the effects upon any party, to debate public questions, to hold public grounds, to further in a sane, rational and practical way all movements which seem to make for public betterment, and above all things, not to employ the paper for the promotion of the private interests of any individual or group of individuals."

LAC LA BICHE

It is again returned on Sunday last from a trip of fishery inspection to Lac la Biche and other lakes in that part of the country. Messrs. Conroy and Prudhomme, of the scrip commission, had reached the settlement on Wednesday last. Nov. 26th, and would be at the Catholic mission on Thursday. There were very few half-breed claimants of scrip at the lake. Most of them had come in on Nov. 1st, supposing that the commission would be there about that time. As there was no commission in sight, they left for the woods and had not yet returned in response to the last notice sent. The commission will drive across country to the fishing direct. Fish are plentiful in Lac la Biche and in all the other lakes of the district, and the half-breeds and Indians have made a very satisfactory catch. Mobile increasing, fur generally plentiful. There is very active competition in the trade and prices are good. The Indians' hands those of the half-breeds who are busy hunting and fishing are entering up on the winter with excellent prospects. Besides rabbits, musk rats, mink and foxes are the most numerous of the fur bearing animals this season. There is about the same depth of snow at Lac la Biche as at Edmonton, but east of Fort Saskatchewan the snow is less. A deer, Mr. Young has collected specimens of fish from six different lakes in his inspection, for the purpose of observing the difference between the white fish from the different lakes. His specimens are from Lac la Biche, Beaver Lake north, Whitefish lake, Lac la Poudre and Lake St. Ann. At Beaver Lake south, the people are catching as high as 100 jack fish and suckers in a night with nets. The lake which have no white fish are full of coarse fish this season. At the west end of Big lake large numbers of jack fish are being caught with nets and line through holes in the ice. At this season, jack fish or pike are said to be at their best, and are considered to be very good eating.

STAR

Sledding is good again owing to the recent storm. Joe Alton has been engaged recently in securing timber poles to be used as piles for a bridge over Beaver Creek two miles west of Star. The bridge will likely be built next spring and will be the fourth pile bridge over the creek in this settlement, three having been constructed this year. Messrs. Kelly and Robarge passed through here recently with a sawmill which they intend to operate in the Vermilion settlement. The annual entertainment of the Beaver Creek district will be held in the school house on Thursday evening, December 18th. Refreshments will be served at 6:30. Every effort is being put forth to secure a good programme and maintain our past record in this regard. We can guarantee a pleasant time to all who come. An admission fee of 25c for adults and 10c for children will be charged. Nov. 28th '02.

BATTLEFORD

Saskatchewan Herald: A week of weather hanging about and below zero was brought to a close on Sunday night by a slight thaw. Mrs. Leduc (Pouses), William Buchanan and Martel are doing six months' enforced labor at the penitentiary for giving liquor to an Indian. The subject of their kindness is also keeping them company. And, Suffer's traction engine broke through the ice or the Battle river on Monday as it was crossing near the owner's place. It was safely landed on the other side by the aid of a strong block and tackle. Fishing for whitefish opened on Monday. Since the adoption of five-inch instead of four-inch meshes the fish taken in the Battle river are much larger than formerly, being fully equal in size and flavor to the ones for which Turtle Lake was formerly famous.

PONOKA

Herald, Nov. 28. The trustees of the Ponoka school district have re-engaged Miss Adelaide Jeckell and Mrs. Kate Spackman as teachers of the village school for the coming year at an increase in salary. W. G. McLaughlin and Kate Cook left Wednesday noon with Cox & Zushko saw mill engines for fifteen miles where the mill will saw during the winter. They expected to make the trip with the engines in four days. Yesterday was Thanksgiving day in the United States. Some of the former residents of the States here could not break away from their old custom and had a genuine Yankee Thanksgiving dinner at 1:30 p.m. A great crowd of the young people assembled on the Ponoka skating rink for its opening. The ice was in fair condition and a pleasant evening was spent by those present. Three more of the good Monona County, Iowa, families arrived at Ponoka on Sunday morning. They are Mr. & Mrs. E. E. Williams and Mr. & Mrs. Fisher. The women folks arrived Tuesday last week. Several nice catches of pike have been made at this place this week by trolling through the ice. E. R. Sage broke the ice, as it were, by catching a string of ten such, morning and night, then many of the disciples of Isaac Walton have engaged the sport with a like degree of success. On Monday last John A. Case, a well-known fisherman, took a fine catch of minnows, lost the water pail in his net. There was a crust of ice a short distance from the net and he supposed it was frozen tight to the curb. He pulled at the net on the same with the intention of going down for the pail, but he had no success and his net was pulled to the bottom in about five feet of water. The old gentleman, however, luckily caught two quiescent curb with one hand and then hung suspended by one arm. Being a cripple and an old man over 70 years of age, he could not draw himself up. He then got a help but no one could help him. Mrs. Case who is also badly crippled, it was a long time before she could get up. She could be of but little assistance when she did arrive. Mr. Case after a time managed by placing his net against the leg against the curb to work himself up till he got his arm over the curb and then drew himself out where he lay completely exhausted for some time. Mr. Case was in the well, only half an hour. Both Mr. and Mrs. Case are both crippled over 70 years of age, and are in poor circumstances. They came and hope to prove up on their homestead this winter.

WEATHER AT BON ACCORD

Below is given the highest and lowest daily thermometer readings for November as recorded by John Schofield, government observer at Bon Accord station.

Day	Max.	Min.
1	37.6	24.9
2	31.8	24.5

Alberta Land Co.

Has 40,000 Acres of Land

Situated in the Beaver Lake, Vermilion, and Birch Lake districts. Also east of Lake St. Ann and north of Egg Lake. These lands have been selected with great care as to soil, water and meadow, also as to being mostly clear of timber and heavy brush. We are safe in saying one-half of these lands are open, lying up high and dry, and in many instances sloping to a river or creek of pure sparkling water; in some instances a spring of living water flows continually. In many places coal is found in large quantities. These lands range in price from \$5 to \$8 per acre, according to location. Maps and advertising matter can be had on application.

A. O. F. ANNUAL SMOKER

The Annual Order of Foresters held their annual "smoker" Tuesday evening in Hurlston's hall. There was a large gathering of members and friends present and a most successful and enjoyable evening was spent. A tempting lunch was served and all gathered about the board with a will. After this interesting part of the proceedings had been disposed of, the town list and programme was proceeded with.

W. A. Griehbach, chief ranger, was chairman, and W. B. Stenett, past chief ranger, was chairman. The town list included:

The King, proposed by the vice-chairman, and answered by the audience singing "God save the King."

Officers of the High Court and Sister Courts, responded to by R. Kennell, secretary of Education Court A. O. F.

Our Guests, responded to by F. W. Tims and Geo. McLaughlin.

The Press, responded to by Frank Kline, of the Bulletin.

Our Officers, responded to by W. A. Griehbach, C. R.; W. B. Stenett, P. C. R.; and R. Kennell, Secy.

Sister Societies, responded to by F. W. Tims, J. Mellon and C. de W. Macdonald.

The Ladies, responded to by Mrs. Ross.

Our American Friends, responded to by Geo. McLaughlin.

The programme included:

Instrumental, Messrs. Beringer and Phillips.

Song, R. Kennell.

Song, Dr. Nichols.

Recitation, Mr. Phillips.

Piano solo, Mr. Ross.

Club singing, Mr. Griffiths.

Violin solo, C. G. Jones.

Recitation, W. Hellwell.

Several short songs, speeches and stories supplemented the regular programme. The most successful "smoker" yet held by the A. O. F., was brought to an early close and the guests were unanimous in their opinion that the A. O. F. certainly are excellent hosts and their court in a flourishing condition.

Miss McKay, \$50

St. Geo. Jelliff, sec-treas., \$20

Manitoba Market.

Commercial, Nov. 19.—During the week Manitoba wheat in store at lake ports has been quiet, sometimes even but always firm till yesterday a begin to show signs of weakness consequent on the approaching close of navigation. The attempt to make a market prolonged have not met with success as insurance companies have decided not to insure after the 5th Dec. Shippers are well provided with wheat for all the boats chartered. Some shippers are trying to charter one or two more vessels to load before the insurance limit is up and if these can be secured in time a little more wheat may be needed at current rates, but if they cannot be got over early in the week, the market will be worth December delivery prices. Prices have been steady during the week at around 74 1/4 to 74 3/4 for 1st hard export delivery by railway with bills and inspections, but yesterday afternoon prices went down to 74c, then 73 1/2c, some being sold at the latter price by some holder who was weakening. Prices of other grades have been about the same. All prices are in store Fort William, Fort Arthur or Duluth. Practically nothing doing yet in future delivery. In store Fort William 1st hard is worth 70c, 1st northern 68c, 2nd northern 66c for December delivery by rail. 71 1/2 to 72 1/4 for May. December delivery in store Duluth is worth 70c by 1st hard.

Oats.—Our shortage is responsible for a quiet oat market. There are plenty of oats in the country and a good demand both east and west, but as cars cannot always be obtained when wanted for shipping the market is quiet. The lumbering districts of Northwestern Ontario are taking out regularly from here, and there is also some demand from Quebec for not only oats but other kinds of feed, so that there is always something doing. The local feed market is good. No. 2 white oats are worth 28 1/2c per bushel at Fort William. On track here this grade is worth 27c per bushel, and about 25c is the price for feed white. At country points farmers are getting 20c per bushel at central points. On the street here 24c to 25c is being offered to farmers.

Barley.—There is quite a quantity offering and prices are firm. Malting grades are selling at 30c to 34c per bushel on track, Winnipeg, and feed grades 20 to 27c.

PUBLIC HOSPITAL

The nurse in charge of the Public Hospital desires to thank the following parties for their liberality during month of Nov:

Mrs. W. J. Berg, fresh outfit.

Alex. Taylor, six bottles Scotch whisky.

Hallier & Aldridge, 4 baskets grapes.

Mrs. Kanutiuk, chickens.

Mrs. Braithwaite, 3 cream jugs.

Christmas pudding and jam, old linen and reading matter.

Mr. Hallier, Chinese Lily bulbs.

Mr. St. Clair, basket grapes.

Mr. Berg, basket plums.

Mr. Gillis, 1 barrel apples.

Mr. Lachlan, (Strathcona) game.

Mr. Bellamy, 1 case apples.

Mrs. Graydon, 1 ham.

Mr. Hendrick, magazines.

Mr. Henderson, honey and currant cordial.

BEADWORK

Mr. Connelly, teacher in Plante public school, is preparing the pupils for an entertainment and Christmas tree, to be held in the school on Christmas eve. There are over thirty pupils in attendance at the school now.

Prairie chickens are very plentiful in the bush in these parts.

H. Lambert has just completed a very nice residence on his farm. The house is a large, comfortable, and well-fitted with a cottage roof.

Mr. Archie Plante is preparing to build a brick house in the spring and E. Benjamine is busy engaged hauling stone for his new office. Such improvements speak well for the district.

The frost-kiss is abroad, beautifying all nature with his silvery touch. While the abundant supply of the beautiful has covered the mountains and the meadows.

Dec. 2, 1902.

As to the C.N.R. and Bank of Commerce.

Toronto, Nov. 27.—Referring to a recent rumor, the World says: "Mackenzie & Mann are in good shape as to finances, and neither Cox nor the Bank of Commerce is loaded up with Canadian Northern."

"The best answer to all these reports, and they have been circulated for a long time, was made by Mr. Arthur Walker, general manager of the Bank of Commerce at Fort Arthur, at the beginning of this year, when the Canadian Northern celebrated the completion of the line from Winnipeg to Fort Arthur. One of the firm of Mackenzie & Mann happened to say in a speech that they owed a great deal to the Bank of Commerce, and that if it had not been for their assistance the road would not have been built. When Mr. Walker spoke later he said it was true, his bank had aided in a strictly business way, along business lines. The relations between the bank and railway had been and were of an extremely satisfactory nature, and that as the bank's manager he was constantly looking out for more of that kind of business. Mr. Walker evidently spoke with the very purpose in mind of answering stories that had been going the rounds. His reply was a straight answer to them all. The World has also the authority for saying that Senator Cox is not involved or interested in the financial affairs of the Canadian Northern."

NOTICE.

All guns left for repairs at my shop and not called for can be obtained from A. E. Potter, at the Edmonton Auction Rooms.

H. B. SPRAAT.

Is important if you live some distance from here. Then it is well to secure a supply the most frequently used DRUGS AND MEDICINES. Our Stock is being constantly renewed, and is FRESH, PURE, EFFICIENT.
Macdonald's Pharmacy.
East of Imperial Bank.

LEDDIC.

John McCallum has sold his farm 30-49-20, 5 miles west of Leddic to Mr. Daniel Knall, from Russia, for \$2,588.00. This deal includes farm stock and machinery and immediate possession. It is considered a good deal.

The Merchants Bank of Canada has opened a branch in this place. The increasing business now being done here rendered banking in towns north and south very inconvenient and the need of a bank has been felt for some time. Mr. M. J. Manning, accountant of Edmonton, branch, is in charge for the present and Mr. Swabada, of Wetaskiwin branch, is assistant.

There is a large quantity of live hogs coming in at present, the most of which are credit to the producers. The land guides are showing considerable country, and their efforts are not in vain. Besides numerous homesteads, several are buying 1-4 and 1-2 sections of C. P. R. land.

Joe W. Fife, returned from High River on Tuesday where he has spent the past season on a ranch.

R. T. Telford is opening up his logging and ginning camp at Conjurung lake this week. The demand necessitates him doubling on his usual cut this winter.

GREAT NORTHWEST CENTRAL.

Battleford Herald: At the last session of the Dominion parliament there was a strong fight against the passage of the act extending the time within which it may finish the construction of the Great Northwest Central railway. A compromise was effected on the company agreeing to construct certain piece of road last summer and an additional piece each year until the whole road was finished. Instead of doing this, however, the company is already applying for a further extension of time to work in. If the conservatives who went through the Territories last summer looking for work do not take up this question of undue extension of time for these over-burdened railways much of their labor will have been in vain.

HOTEL ARRIVALS

BATTLEFORD.

Berald, Nov. 20.
The superstructure of the steel bridge over the Battle river here is unissued. The work from start to finish was carried on without accident or misadventure other than that incident to the delay in getting the material. The laying of the bridge will be done by Mr. Storer, and Mr. Paradis will arrange for the construction of the approaches. Mr. Stewart, the bridge company's foreman of construction, with his party will return to Montreal this week. The structure will be open for traffic before Christmas.

The temporary bridge over the Battle River that has been subject to so many vicissitudes during the past few years is about to be removed from the scene of its usefulness. Tenders will be received by Mr. Paradis, engineer in charge, up till ten o'clock this morning for the purchase of the structure just as it stands. The terms of sale are cash.

Supt. and Mrs. Griesbach expect to leave about December 10 on a six weeks' visit to Edmonton and Fort Saskatchewan.

Alaska Gold

Director of the Mint Roberts has made his final statement covering the output of gold from Alaska during the ten months of the year. The figures are based on receipts at San Francisco and Seattle, and are as follows: Nome, \$5,098,980; Klondike, \$13,801,981. A total of \$18,900,961. This is over \$4,000,000 in excess of the output from the entire Alaska district during all of last year.

TIES FOR THE C. N. R.

G. Strevel has secured a contract from the Canadian Northern Railway to cut 250,000 ties during the coming winter. His camp will be located at Banping, about 50 miles east of Fort Frances.

Manitoba Grain Blockade

Tribune despatch.

Elva, Man., Nov. 22.—A meeting of the Elva farmers interested in the shipment of grain was held in Sharp's Hall this afternoon, when some forcible expressions of opinion were heard in reference to the manner in which the farmers of this district are being treated by the C. P. R. company and the elevator interests.

The following resolution, after some discussion, was passed unanimously.

Whereas, the C. P. R. company, apparently not satisfied with the enormous grants of land, cash subsidies and immensely valuable privileges freely bestowed upon it by the people of Canada, together with the extortionate traffic rates collected from the settlers in the western part of the Dominion during the past 20 years, has established and maintained and is still maintaining a grain elevator system of handling and shipping grain, whereby the farmers have been plundered to the extent of at least \$25,000,000, and this has been continued through nearly a score of years regardless alike of the countless petitions and protests of the said farmers, in open defiance of British law, and in total disregard for the public welfare.

Whereas, the Manitoba Grain Act recently passed by the Dominion parliament ostensibly for the purpose of securing justice to the farmer in his shipment and sale of his grain, has been conceived in a most hypocritical and a most traitorous to the interests of the farming community, and is being carried out with the grossest kind of partiality in favor of the railway companies and elevator owners.

Whereas, the farmers' interpretation of the Grain Act has as good a claim to recognition in grain shipping as that of the C. P. R. Co.

Whereas, the said company publicly announced last summer that they had increased their rolling stock about 33-1/3 per cent, and that there would not be a blockade this season.

Whereas, the blockade at this point commenced with the beginning of the grain shipping season and has continued without intermission since the car supplied to date being about three-fifths of the number furnished up to this date last year, and also being about equivalent to less than a single average farmer hauling a distance of three miles and loading the same in the time elapsed since shipping started.

Whereas, it is evident that this point is being seriously discriminated against in the distribution of cars, for the purpose of forcing farmers to use the elevator system at a loss to themselves of from 5 cents to 15 cents per bushel.

Whereas, the recent outrageous action of Commissioner Castle in confirming the C. P. R. interpretation or misinterpretation of the Grain Act, such interpretation permitting five per cent of the farmers to secure four-fifths of the car supply through the elevator system while confining 95 per cent of the said farmers to one-fifth of such car supply, convinces us that no redress from our oppressed position can be secured through an appeal to the said commissioner as provided under said grain act.

Whereas, in connection with this issue, protracted as it has been through so many years, patience has ceased to be a virtue, and further fortitude indicative of slavery.

Therefore, be it resolved that we hereby declare that we positively and absolutely will not hereafter patronize a grain elevator, and we hereby demand from the C. P. R. company shipping facilities for the immediate transportation of our produce, and we further hereby pledge ourselves to use all the means which the authority of justice and equity has placed within our reach to secure relief from the oppression of this publicly endorsed railway company and the extortion practised by its favorite partner in spoil, the grain elevator system.

A New Western Bank.

Commercial: A new bank, to have its head office in Winnipeg, is being organized. The bank will probably be called the Northwest Bank of Canada, which by the way, is not a very appropriate name for a bank having its head office in Winnipeg. It is expected the new institution will be ready for business next spring. Howell, Mathers & Howell have been appointed solicitors for the promoters, J. F. McLaughlin, of Toronto, is promoting the enterprise.

Seed Postage Reduced.

The postal rate which provides for a charge of two cents for the first four ounces or fraction thereof, and one cent for each additional two ounces (four cents, cutting (but not cut flowers), bulbs, roots, bedding plants, scions or grafts is repealed and made to read "one-cent for each additional four ounces."
